

Candidate Statement – Adrianna Figiel

Hey! My name is Adrianna and I'm running for a role of an advocacy officer.

I'm a 1st year Ba student studying Theatre, business, English, and psychology. I am a motivated and friendly student who wants to help in making MIC a positive and safe place for everyone.

I believe every student's voice should be heard and, if elected, I will work hard to represent students' ideas and improve communication between students and the union.

I am an outgoing person, good listener, creative and determined in finding solutions, and I would be proud to represent MIC students as your opinion matters!
